

## Nursing Research Facilitator for Providence Health Care and Vancouver Coastal Health:

Aggie Black, RN MPH

Email: [ablack@providencehealth.bc.ca](mailto:ablack@providencehealth.bc.ca), or phone: 604-682-2344, local 66124

### Nursing Research Facilitator Role:

- Develop an inventory of nursing research
- Facilitate linkages between researchers
- Identify and advocate for opportunities that build nursing expertise in knowledge exchange and research utilization
- Act as a liaison and support collaboration between the nursing community and researchers in conducting and using research
- Plan and implement strategies to assist the nursing community to find and apply practice-relevant research
- Encourage and support academic researchers to partner and share knowledge with the nursing community
