Nursing Research Facilitator for Providence Health Care and Vancouver Coastal Health:

Aggie Black, RN MPH
Email: ablack@providencehealth.bc.ca, or phone: 604-682-2344, local 66124

Nursing Research Facilitator Role:

• Develop an inventory of nursing research
• Facilitate linkages between researchers
• Identify and advocate for opportunities that build nursing expertise in knowledge exchange and research utilization
• Act as a liaison and support collaboration between the nursing community and researchers in conducting and using research
• Plan and implement strategies to assist the nursing community to find and apply practice-relevant research
• Encourage and support academic researchers to partner and share knowledge with the nursing community
