

VCHRI 2026 RESEARCH DAY

Voices that Shape Research

Join us on November 5 as we explore how bringing together the voices of patients, communities, clinicians and health-system partners is transforming health research and driving real-world impact across Vancouver Coastal Health.

🕒 Thursday, November 5
12:30pm to 5:00pm

📍 Paetzold Auditorium at VGH
899 West 12th Avenue, Vancouver

Presentations & Panel Discussions

Discover how VCHRI research is advancing more inclusive, patient-centred health care through meaningful partnerships with patients and communities. Hear from VCHRI researchers, patients and community partners as they share insights and real-world examples of engagement across the research journey.

From Lived Experience
to Research Impact

Researchers, Clinicians and
Health Systems in Action

Partnerships to Build
Research as Care

Networking & Socials

Meet colleagues from across VCH and UBC, exchange ideas and build new collaborations.

Fun & Activities

Enjoy refreshments, photo booths, interactive activities, prizes and more.

All members of the VCH and UBC research community (investigators, clinicians, trainees, research and administrative staff) are welcome to attend.
